Dear Families,

In an effort for our students to develop deeper relationships during this time of social distancing, we thought it would be a great idea to implement a Pen Pal Program.

Each student would be paired with someone in the same class but a different cohort. Students can send each other drawings, letters, etc. Not only will the students be happy to receive mail, but when the time comes for us all to be together they will be excited to meet their new close friend.

If you are interested in being a part of this program complete the form below and email it to your child’s teacher by October 16th. More details will follow after the sign up deadline. **Please note that we will be providing your address to the person your child is paired with and that you will be responsible for mailing the letters.**

I am interested in signing my child up to be paired with a Pen Pal.
